

Customs awareness training

Are you looking to level up your supply chain management skills and stay ahead of the customs landscape? Look no further than our Customs Awareness Training course! This half-day program offers a comprehensive overview of the customs process, providing you with the knowledge and tools necessary to succeed in your role.

Customs awareness introduction training

Whether you're a newcomer to customs or an experienced supply chain professional, this training will help you identify key requirements and considerations when it comes to international trade compliance. Led by expert trainers who recognize the vital importance of customs knowledge in today's business world, our Customs Awareness Introduction training is the perfect opportunity to enhance your skill set and stay competitive in the market.

By the end of the program, you'll have a solid understanding of essential customs and trade concepts, allowing you to make informed decisions and navigate the complex regulatory landscape confidently.

Our experts will cover the following topics:

- ▶ The Customs framework
- ▶ Customs import declaration key requirements
- ▶ Custom duties framework
- ▶ Customs valuation of your goods
- ▶ Product classification and its importance
- ▶ Product origin and the use of Free Trade Agreements
- ▶ Incoterms and the role of the parties
- ▶ Commercial documentation and record keeping to support the declaration
- ▶ The role of custom's authorities and customs audits
- ▶ Customs agent roles.

*So don't miss this chance to gain the insights you need to take your business to the next level – enrol in our **Customs Awareness Training** course today!*
