# Private and voluntary nursing home Fair Deal Rate

Analysis of The National Treatment Purchase Fund  
(NTPF) Agreed Private & Voluntary Nursing Home  
Fair Deal Rate (FDR) Changes in March 2025

# Fair Deal Rate (FDR) Changes

March 2025

## Introduction

Every month the HSE releases an update on the prevailing FDR for private & voluntary nursing homes operating under the Fair Deal Scheme across the country. This FDR represents the maximum price per week agreed between the nursing home and the HSE under the Nursing Home Support Scheme, providing an insight into not only the highest and lowest rates being achieved but also into the changes occurring on a monthly basis for each individual private and voluntary nursing home.

Nursing homes under the Fair Deal Scheme allow for residents to pay only a portion of their cost of care and the remaining is paid by the HSE to the nursing home.

For the past number of years, our Healthcare Team in Corporate Finance has analysed these changes, noting trends and patterns on a county-by-county basis and an all-country basis. We have now prepared this report to highlight the change in the rates between December 2024 and March 2025.

## NTPF weekly rates: Average quarterly % change\* (December 2024/March 2025)

### FDR comparison March 2025 vs December 2024

This map shows the quarterly average % change in agreed NTPF Fair Deal rates by county in March 2025 compared to the rates in December 2024 of voluntary and private nursing homes:

- The FDR changes are a result of successful negotiation between individual nursing homes and the NTPF to agree on a maximum price that the nursing home charges under the nursing home support scheme on a weekly basis.
- The country average weekly rate has increased by 1.98% from €1,213 in December 2024 to €1,237 in March 2025.
- 25 counties showed an increase in the weekly average NTPF Fair Deal rates in March compared to December, with the highest rate increase of 4.63% in Wexford, where the average rate increased from €1,154 to €1,207. The lowest recorded increase of 0.32% was in Limerick, where the average weekly rate increased from €1,157 in December to €1,161 in March.
- One county (Leitrim) showed no change in average FD rates compared to December 2024.
- There was one less home each in Dublin, Galway, Roscommon, and Wicklow under the scheme in March 2025 compared to December 2024, and no additional homes. This resulted in a net decrease of four homes under the Scheme in March 2025 compared to December 2024.
